

Lisanza - Maglificio Lisanzese

Sesto Calende (Varese), 12 marzo 2020

Dear Employees, Suppliers and Customers,

Following to the latest developments relating to the containment and management of the emergency COVID-19, having at heart the well-being of people and feeling obliged to collaborate to fight the virus, also taking into account the provisions of the Government through Prime Ministerial Decree March 11, 2020 and previous ones, of the requests made by some Regions (including the Lombardy Region), we have decided to suspend all activities of our company through the total closure until **April 3, 2020**.

We hope that this great sacrifice will allow our company together with the whole nation to resume its activity with greater vigor as soon as the contingent danger has passed.

We will keep you informed of any future evolution in the hope of being able to reopen even before April 3, always provided that conditions permit. Thank you all for your collaboration

Marzo Calleri
Chief Executive Officer
